*From a Face in the Crowd, to One the Crowd Faces*

Dear Parents / Students

**Developing capable women of character and relevance.** This has been the endeavour of Singapore Chinese Girls' School for more than 120 years.

We continue to provide a rich, balanced and holistic education so that every student can develop to her fullest potential while learning values and practising compassion which will see her contribute meaningfully to the community in a rapidly changing world. We seek to nurture each girl to be a "kim gek" (or gold and jade in Hokkien) – a precious gem with the purity and flexibility of gold as well as the inner beauty and strength of jade. It is our hope that our girls will live out the school values of Sincerity, Courage, Generosity and Service, both during their time with us and when they move on to greater challenges and roles in life.

We invite you to apply for admission into SCGS in the Direct School Admission Exercise 2022. We offer exciting learning opportunities including the rigorous and engaging academic curriculum for both the O-Level and the Integrated Programmes. We have rich and engaging co-curricular programmes that develop character, leadership and life skills. In addition to this, we have a myriad of enrichment and sabbatical programmes that help students develop talents and interests and stretch their potential. Through these learning experiences, we continue our strong tradition of excellent holistic education that grooms our students to be women of character and relevance.

Yours sincerely  
Mrs Linda Chan  
Principal

Singapore Chinese Girls' School
